

**FAITHLESS PERFORM SECRET SHOW AT
LITESTRUCTURES STUDIOS FOR CHANNEL 4**

The **Litestructures Studios** rehearsal arena has played host to a **MySpace Secret Show** with Columbia recording artists **Faithless**. The performance for a small group of fans on 16th March was taped for **Channel 4's 4Music** strand and will air on Friday 6th April at 00:45 on Channel 4.

Presented by online entertainment portal **MySpace** and filmed for Channel 4, the *Faithless* Secret Show was the third event of its kind to be held in the UK. A select group of 260 *Faithless* fans were taken by coach from a central Leeds meeting place to the event's 'secret location' -- Litestructures Studios, located in South Kirkby, Wakefield. On entering the Studio fans got a special sneak preview of the band's full set, lighting, production and sound system designed especially for the Faithless UK tour.

"It was great to see everyone's faces when they arrived at the Studio," says Litestructures Studio General Manager, Brent Woods. "When they realized that they were part of a very small group that were going to be treated to a show designed for a 10,000 seat venue, they were over the moon. And Faithless didn't disappoint -- they delivered a fantastic, energetic set."

Litestructures Studios is a world class, purpose-built, tour rehearsal and film production facility in Wakefield, West Yorkshire. With over 17,500sq ft of floor space and a height of 54ft, the studio is able to accommodate even the largest music tours and film productions. Since 2005, Litestructures Studios have hosted production rehearsals for bands including **Coldplay, George Michael, Robbie Williams, Muse, Scissor Sisters, Westlife** and others.
